

THE AGC OF CALIFORNIA CONSTRUCTION LEADERSHIP COUNCIL

WHAT IS IT? The Construction Leadership Council (CLC) is a nationwide AGC of America organization that provides early/mid-career construction professionals (ages 25-40) face-to-face collaboration with peers. In this open forum atmosphere participants network and address the many important industry issues and concerns that face them today. The CLC also offers educational training and encourages a higher level of involvement with the AGC in order to provide crucial feedback to the AGC leadership which will help structure the AGC of the 21st Century.

The California chapter of the AGC CLC provides its members with opportunities for learning and networking with peers and experts in their fields at membership meetings and educational seminars, offering industry-related and personal improvement workshops and guest speakers.

HOW DOES IT WORK? AGC member companies can join the CLC for an annual participation fee of just \$200 per company. There is no limit to the number of employees who may participate from any one company. Fill out the CLC Participation Application below and e-mail or mail to the address shown. You will be added to the list for all AGC CLC information notices as will each individual participant.

*Join us and broaden your staff's professional horizons...another reason why
AGC of California is known as "the voice of the Construction Industry!"*

If your company is not a member of the CLC...ask your supervisor to join today!
