MEAL PERIOD
If workmen are required to work continuously for more than four and one-half (4-½) hours, or five (5) hours when the normal starting time is established before 8 a.m., without an opportunity for lunch during the period of a normal shift, they shall receive overtime pay for work after the four and one-half (4-½) hours (or five (5) hours), until the opportunity to take time for lunch is afforded and shall thereafter be allowed a reasonable opportunity to eat lunch on the Individual Employer's time. (Example: 6 a.m. starting time - 5 hours; 7 a.m. starts time - 5 hours; 8 a.m. starting time - 4-½ hours).

OVERTIME
Time and one-half (1-1/2) shall be paid for the first two (2) hours worked in excess of eight (8) hours on any regular work day, Monday through Friday. Time and one half (1-½) shall be paid for the first eight (8) hours worked on Saturday and double (2x) time shall be paid for all hours worked in excess of eight (8) hours. All other overtime worked, including Sundays and holidays, shall be paid at the double (2x) time rate. Overtime pay shall be computed by not less than half-hour (1/2) increments. No work shall be performed on Labor Day except to save life and property.

SHIFT WORK
When two (2) shifts are employed, the first shift (morning shift) shall work up to eight (8) hours and shall be paid for each hour worked, or proportionate part thereof, the basic wage rate. The second shift shall work up to eight (8) hours and shall be paid for each hour worked, or proportionate part thereof, the basic wage rate plus a premium equal to 6% of the basic wage rate. The third shift shall work up to eight (8) hours and shall be paid for each hour worked, or proportionate part thereof, the basic wage rate plus a premium equal to 13% of the basic wage rate.

When two (2) shifts are employed on any job, the second shift shall start not later than 5:30 p.m.

When three (3) shifts are employed on any job, the third shift shall start not later than 2:30 a.m.

The Friday shift ending on Saturday morning will be considered Friday work. The Sunday shift ending on Monday morning will be considered Sunday work.

There shall be no more than three (3) shifts worked in any twenty-four (24) hour period. Employees will have a minimum of eight (8) hours break between the ending of a shift and the beginning of another shift.

On all shift work, the “morning” shift, starting at 5:00am to 9:00 a.m. (or earlier by mutual agreement) shall be considered as the first shift.

Dedicated Shift Work – The Employer may establish a dedicated shift outside of the regular work day of not less than three (3) days duration on the basis of eight (8) hours worked for eight (8) hours paid, or a proportionate part thereof for the time worked, the basic wage rate plus a premium equal to 6% of the basic wage rate. Dedicated shifts may not be used for amusement park facilities currently covered by an existing Project Labor Agreement (PLA).
SHOW UP TIME & INCLEMENT WEATHER

When an employee is ordered by the Individual Employer or his representative to report for work and then through no fault of the employee is not put to work, said employee shall be paid a "show-up" expense of sixty dollars ($60.00). If an employee is put to work, he shall receive not less than four (4) hours pay at the straight time hourly rate. If an employee works more than four (4) hours but less than six (6) hours, he shall receive not less than six (6) hours pay at the straight time hourly rate. Pay for hours worked beyond the first six (6) hours shall be figured on the basis of actual hours worked. In all cases, the employee must remain on the job unless released by the Individual Employer. On Saturdays, Sundays and holidays "show up" expense will be computed at the applicable overtime factor.

On jobs located outside the free zones, employees, who report for work and for whom no work is provided, shall be paid a "show-up" expense of $60.00 in addition to subsistence Mondays through Fridays. On Saturdays, Sundays and holidays, "show-up" expense will be based on the applicable overtime factor; provided that, to qualify for "show-up" expense on any day the workman must remain at the jobsite for two (2) hours, available for work, unless released by the Individual Employer or his representative.

An Individual Employer shall advise an employee before the end of the shift that the Individual Employer's work is suspended due to inclement weather. This shall not constitute a layoff. The employee shall be notified at least two (2) hours in advance of the normal starting time to report back to work. When the employee has no telephone or cannot be reached, the Individual Employer shall provide a telephone number for the employee to call and receive instructions on reporting to work. In the event the project is shut down due to inclement weather for more than two (2) consecutive work days, the employee will report back to the work site and be put to work or receive his/her "show-up" expense and termination pay. Note: The intent of both parties is that "show up" expense shall not be paid when the workman appears for work in an unfit condition or without proper tools or qualifications.

**Foreman**

All Foremen shall be paid no less than two dollars ($2.00) per hour more than the hourly wage rate of the highest classification over which they have leadership. In the event the Contractor, at his option, elects to use a Foreman to supervise other Foremen, he shall be paid not less than one dollar twenty-five cents ($1.25) per hour more than the hourly rate of the highest classified Foreman over whom he has leadership.

The parties recognize the nature of the Contractor’s work and the fact that there are extreme periods of waiting time and extreme periods of time when no breaks can be taken. It is with this in mind that the parties agree that employees will take a paid lunch break when time permits and that every employee is entitled to time in which to eat his lunch.
In those instances, where it is not possible for the employee to take time to eat a lunch, then the employee will receive one-half hour (½) pay at the time-and-one-half (1½) rate in addition to his normal straight time shift period.

The parties of the agreement recognize Industrial Wage Order 16 covering “On-Site Construction, Mining, Drilling and Logging Industries.” Any dispute or grievance arising from this Wage Order shall be processed under and in accordance with Article VI, Procedure for Settlement of Grievances and Disputes of this agreement. The grievance process of Article VI shall be the exclusive method for resolving all alleged violations of this Wage Order, and the time limitations of Article VI shall apply.

**OVERTIME**

**SHOW UP TIME**

During periods of inclement weather, the employee shall call the designated job number provided to him for instructions concerning reporting to job site. Employees shall be considered as having been ordered to work if, after checking with the Designated Dispatcher, the Designated Dispatcher failed to notify the Employee not to report to work. An employee who reports for work and is dispatched to a jobsite shall receive not less than four (4) hours work payable at the regular rate of pay, plus benefits; and if more than four (4) hours are worked in any one day, shall receive his regular rate of pay and benefits for his actual hours worked. New employees on their first day of work shall be paid for their actual hours worked. Neither the Contractor nor Employee will devise or put into operation any scheme, whether herein enumerated or not, to obtain an unwarranted benefit from the terms of this paragraph.

If this section is in conflict with either the federal Davis Bacon Act or the California Labor Code as it relates to Public Works, then the Contractor shall pay show up time in accordance with those statutes, provided, that the Contractor pay not less than is stipulated in this section.

**TRAVEL**

The Contractor shall pay the employee driving a Contractor’s vehicle at the employee’s appropriate classification wage rate with full contributions to the Trust Funds for all hours worked or paid for travel from the permanent yard to the jobsite from jobsite to jobsite; and from the jobsite to the permanent yard.

Employees who are not qualified and/or not requested to drive a Contractor vehicle may report to the Contractor’s permanent yard and travel in the Contractor’s vehicles to the first jobsite and return to the Contractor’s yard, and will be paid the Travel Time Hourly Rate of pay with full contributions to the Trust Funds for such travel time. Travel time shall not be considered hours worked within the provisions of Article X(A)(2), which shall not apply.

The Contractor shall assign driver duties to employees qualified with the proper licenses to drive the Contractor’s vehicles, on an equitable basis, so that all such employees obtain comparable hours performing such driver duties on a monthly basis.

On pure travel days where employees (drivers and non-drivers) are provided subsistence or overnight room and board, all hours the first day preparing for (including yard work, loading) and traveling to the jobsite, and all hours the last day closing down the job (including loading) and traveling to the permanent yard, shall be paid at the employee’s appropriate classification rate contained in this Agreement with full contributions to the Trust Funds for all hours worked or paid. An employee who is not qualified and/or not requested to drive or ride in a Contractor’s vehicle may be instructed to report to the first jobsite of the day on the employee’s own time and without pay, provided that the jobsite is located within a radius of seventy-five (75) miles from the Contractor’s permanent yard or is located within seventy-five (75) miles from the employee’s home. If the jobsite is located outside the seventy-five (75) mile or seventy-five (75) mile radius outlined above, the employee must be notified that he may, at the employee’s option report to the Contractor’s permanent yard, at which time the employee’s shift begins. No employee will be required to report to any place other than the Contractor’s permanent yard or the first job site of the day as a means of circumventing the provisions of this Paragraph. A violation of this reporting location provision will require the Contractor to pay employees for all hours spent traveling, no matter the distance traveled, from the employee’s home, at the employee’s full wage rate with full fringe benefit contributions, together with mileage reimbursement at the I.R.S. approved rate.
