

COVID-19 Background & Additional Information from the White House

Updated: March 16, 2020

Background: In January, the President formed a Coronavirus Task Force, led by Vice President Mike Pence and comprised of subject-matter experts, to organize a whole-of-government response. The Coronavirus Task Force and broader Administration have worked and will continue to work with State-Local-Tribal officials and private sector and non-profit partners in preparing for and responding to the Coronavirus. *It is important to note that at this time, the risk for the average American remains low, and all agencies are working aggressively to monitor this continuously evolving situation and to keep our partners and the public informed.*
